Starters/P1 Snooker

Today is National Best Friends Day!

In the opening all obstacles are bidirectional.
In the closing, #2 is bidirectional, all others to be taken as numbered.

20"/22"/24" dogs get 50 s.
14"/16" dogs get 52 s.
10"/12" dogs get 54 s.
Perf +2 s

Advanced/P2 Snooker

The diagram illustrates a 7-part jump sequence for a horse, centered around a vertical axis. The sequence is numbered 1 through 7, with 7a and 7b indicating specific points in the final jump. The sequence starts with a jump (1) and ends with a jump (7). The sequence is designed to be continuous, with the final jump (7) being live at all times. The sequence is shown in a grid format, with the horse's path indicated by arrows. The sequence is as follows:

- Start with either S/F jump (S for start, F for finish).
- Jump 1: A small jump with a 15° angle.
- Jump 2: A small jump with a 15° angle.
- Jump 3: A small jump with a 15° angle.
- Jump 4: A small jump with a 15° angle.
- Jump 5: A small jump with a 15° angle.
- Jump 6: A small jump with a 15° angle.
- Jump 7: A small jump with a 15° angle.

The sequence is designed to be continuous, with the final jump (7) being live at all times. The sequence is shown in a grid format, with the horse's path indicated by arrows. The sequence is as follows:

- Start with either S/F jump (S for start, F for finish).
