

USDAA Agility Trial, Sat/Sun August 1-2, 2026
9026 South Lake Road
Corfu, NY 14036

Easy to get to from routes 5 and 33 and just minutes from the NYS
Thruway exit 48A/Pembroke

Video tour of the facility!! Lots of info in there!!
Click [here](#).

Thank you for entering our first USDAA trial! This is your final confirmation – please read the entire confirmation as it contains important information for the weekend.

Carefully check all of the entry information listed in your email and contact me immediately with any discrepancies at trialsec@dognutmom.com or Helen McNenly at 215-285-0411. For faster response, please use email.

Let me know of ANY changes by 2pm, Wednesday July 29, 2026
Check your confirmation, especially for jump heights and class levels!
Don't wait to see the running order!

Running Orders will be on my site: www.dognutmom.com by Thursday afternoon. We will not be providing copies, so please print your own if you need one.

Course copies will be available on my site: www.dognutmom.com by 10pm the night before
We will have a copy posted so that you can take a picture with your phone.

ALL dogs not having a permanent card/printout from the USDAA website showing permanent status will need to be measured if you have not mailed a copy of the permanent card/printout in advance, or if your dog is NOT jumping Ch24" or P20". You may also email me a copy of your permanent card or printout and save the check-in hassle. You can take a picture of the card/printout with your phone and email it. You can also send me a copy of your AKC Permanent Height card if you have one

If you are relatively new to USDAA, you do need to print out the temporary measuring sheet from your dog's page on the USDAA site – it has all of your dog's information on it. You will need to get that sheet signed by the judge and then keep it until you have all the required measurements

SATURDAY/SUNDAY

The building will be open at 8:00am.

Measuring will be from 8:00am-8:45am,
Walkthroughs begin after the briefing at 8:45am.
First dog on the line 9:00am

Please volunteer when you can! This is a one ring trial so no conflicts!

I will happily take day of show additions to any entry – let me know by 8:15am each day. Payment by check or exact change please.

I will also take day of show entries for currently unentered dogs ... tell your friends!

We will also be offering Mulligan Runs for \$5/run for all classes unless we start to go too late in the day

The class schedule is unchanged from the test schedule.

Judge: Jason Pierce

Some site information:

Do the speed limit when driving through Corfu!! Police have been known to sit in unmarked cars and ticket for even a mile or two over the limit.

When you arrive at the property, wait for someone to show you where to park. Someone will be out there when people arrive.

This site is in a residential area and there is a strict rule about no barking dogs crated in cars or outdoors; You may crate from your car or outdoors. If your dog barks continuously, you will be asked to move your dog into the training building which does have A/C, however, is a separate building from the trial site.

See the video tour of the facility [here](#)

You will be asked to leave with no refunds if do not move when asked.

You will be able to set up tents or EZ Ups inside the fenced area close to the trial arena, but not next to your cars.

All dogs must be on leash when not competing or at the practice jump.

There are plenty of acres to walk your dog.

Exhibitors are responsible for cleaning up after their dog(s). Do NOT let your dogs pee near or on any gates, buildings or A/C units.

Absolutely no smoking or vaping anywhere on the the property.

Bitches in season are allowed and will run in their assigned spot in the run order EXCEPT for Advanced/P2 and Starters/P1 Standard where they will run at the end of the class. The BIS must wear well-fitting pants – no droopy drawers – or on a start mat supplied by the exhibitor. The handler/owner acknowledges the inherent risk of running a dog on an agility course with BIS pants on and assumes all risk by doing so. Handler/owner will minimize walking the BIS around the grounds and will attempt to crate away from congested areas.

Don't forget to add any new titles that you and your dog earn in the New Title Book – I'll make brag announcements on FaceBook

Gold star for you for reading this far 

Looking forward to seeing everyone this weekend!

Sincerely,

Helen McNenly, Trial Secretary
