- Dogs That need to be measured must be done before they run and is the competitors' responsibility to know if they need measurement.

- Please ensure you understand the new criteria regarding dogs being measured. **UKI Rule Book edition 10**

If a dog is under 3 and newly registered, a temporary measure or proof of the dog's height must be done by the dog's 3rd trial. A permanent measure must be obtained by a UKI official measurer between 12-18 months after the dog's first/ temporary measure. Any registered dog that only has a temporary measure, must follow the above rule. If a newly registered dog is over 3, they must obtain a measure by an official

UKI measurement by their 3rd trial and this measurement will be permanent. If you ask for a challenge measure when you have a permanent measure, you must state this when you are getting the dog measured so the correct protocol can be followed, and you may not continue to challenge a measure when you have challenged it once

There will be a measuring sheet that you will need to fill out by the secretary table
